1. Installation

- Go to App Store and search “SP Trader Pro HD”

2. Log In

- Open the app
- At the login page, select “English” from the bottom of the page
- Input login details
 - **Host** (Only first-time users are required to input below):
 - ✓ futures.utrade.com.hk
 - ✓ 8.210.251.134 (Connect from Mainland China only)
 - **User ID**: Your UTRADE Futures ID
 - **User PW**: Your UTRADE Futures PW

The screenshot shows the login page of the UTRADE Futures app. It features a 'Profile' section with a text input field containing 'Add new broker, input IP'. Below this is a 'Host' field with a dropdown menu showing 'futures.utrade.com.hk'. The 'User Id' field contains '990001-001f' and has a 'Save' button with a checkmark. The 'Password' field is masked with dots and has a 'Port 80' checkbox. A large blue 'Login' button is centered below the fields. At the bottom, there is a version number '[Version: 10.11.2]', a logo for 'Sharp Point Ltd' with the website 'www.sharppoint.com.hk', and three language selection buttons: 'English' (highlighted in blue), '繁體中文', and '简体中文'.

3. Menu

- You may select all the functions at the “Menu” page

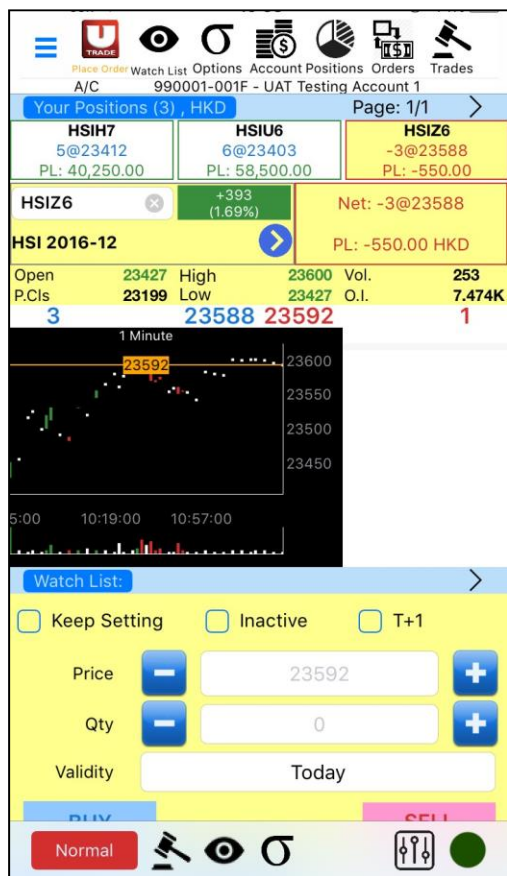

4. Introduction to the Key Functions

Key Function 1: Home Page – Overview

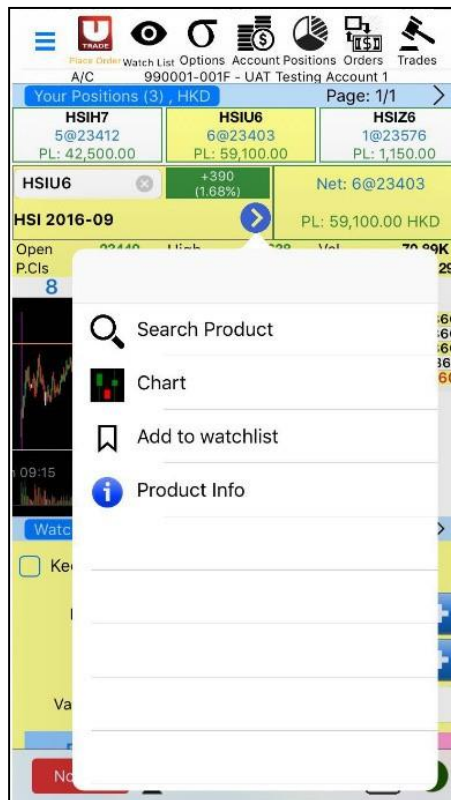

You will see all the below items at your Home Page:

- All Orders
- Done Trades
- Product Price Depth
- Product info
- Order Ticket
- Position List
- Watch List

Key Function 2: Home Page – Fast Keys

- Click the blue arrow next to the product name and you will be able to view the quick menu

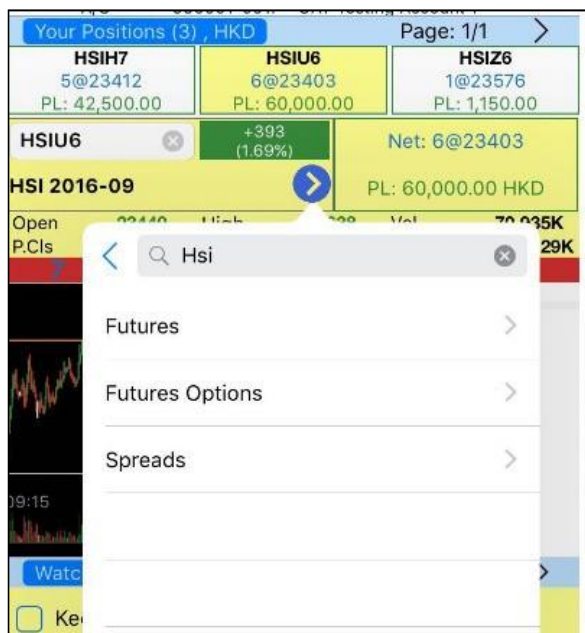

- Chart (you may choose to display a 1, 5, 10, 15 or 30 mins chart with 10 different kinds of technical analysis indicators)

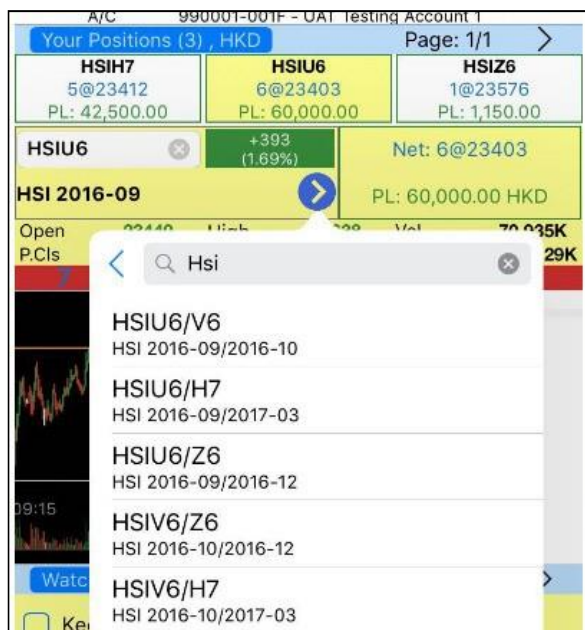

Key Function 3 – Search Product

- Search
 1. Enter the product code
 2. Choose the product type

3. Select your product
e.g. Select “Futures” → Choose the contract month

Key Function 4 – Account Information

- Apart from the general information, you may also see different currencies you have in your account at “Cash Info”

Place Order Watch List Options Account Positions Orders Trades	
A/C 990001-001F - UAT Testing Account 1

Key Function 6 – Orders

- Under the page of “Orders”, there are 3 options: “Activate All”, “Inactivate All” or “Delete All”

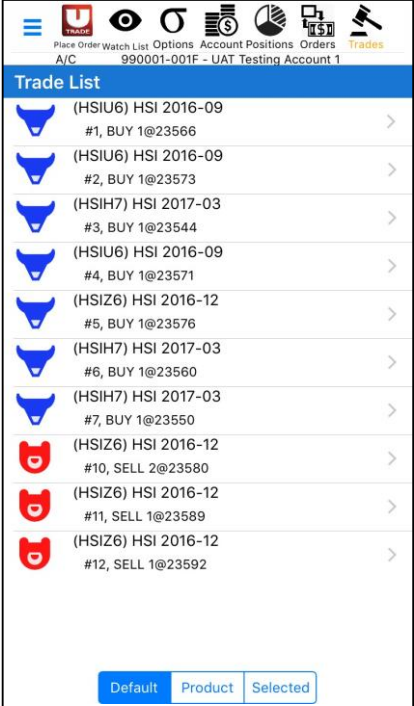

- Click a trade order in the list to access the order details
- Under “Order Detail” page, there are 3 options available at the bottom: “Edit” (to change price and quantity), “Inactivate” or “Delete”

Key Function 7 – Trade List

- Select a trade to view the trade details

The screenshot shows a 'Trade List' interface. At the top, there's a navigation bar with icons for Place Order, Watch List, Options, Account Positions, Orders, and Trades. Below this, the account information 'A/C 990001-001F - UAT Testing Account 1' is displayed. The main list contains 12 trade entries, each with a blue cup icon, a product code (e.g., HSIU6, HSIH7, HSIZ6), a date (e.g., 2016-09, 2016-12), and a trade description (e.g., #1, BUY 1@23566). At the bottom, there are three buttons: 'Default', 'Product', and 'Selected'.

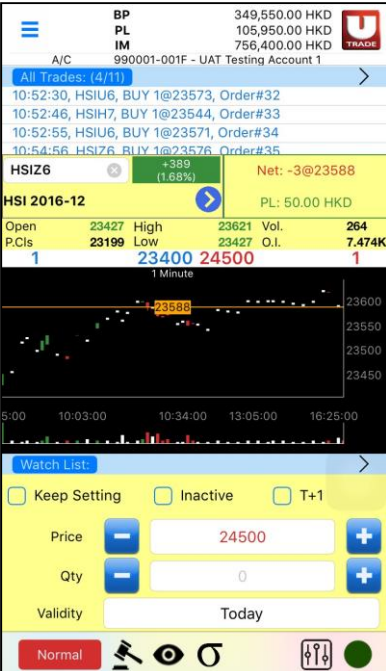

The screenshot shows a 'Trade Detail' interface. It has a 'Back' button at the top left. The details are as follows:

Product Id	HSIU6
Name	HSI 2016-09
B/S	BUY
Qty	1
Trade Price	23571
Trade#	4
Counter Party	
Type	
Status	Traded

Log #	413878

Key Function 8 – Place Orders

- The order placing window is at the bottom of Main Page

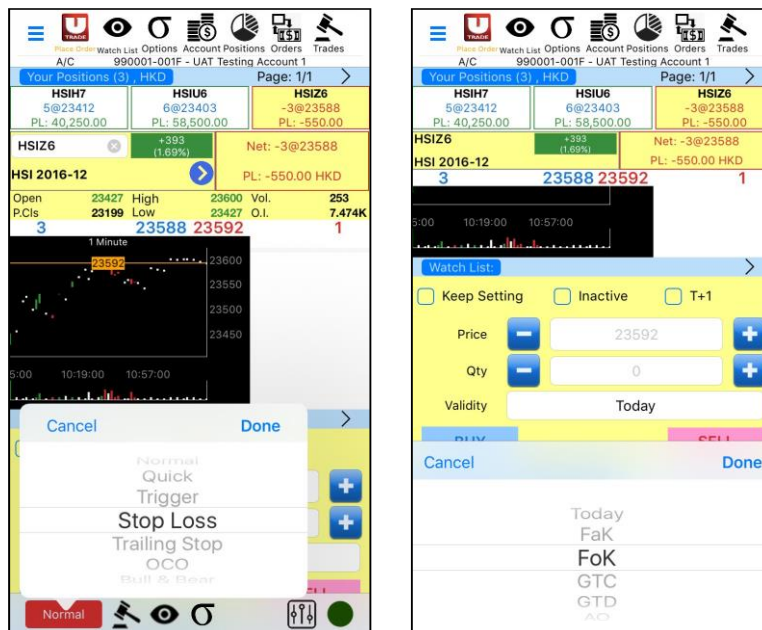

The screenshot shows the 'Order Placing Window' at the bottom of the main page. At the top, it displays account balances: BP 349,550.00 HKD, PL 105,950.00 HKD, and IM 756,400.00 HKD. Below this, it shows 'All Trades: (4/11)' with a list of recent trades. The main section displays 'HSI 2016-12' with a price of 24500 and a volume of 1. Below this, there's a candlestick chart showing price movement over time. At the bottom, there's a 'Watch List' section with fields for Price (24500), Qty (0), and Validity (Today). The bottom-most bar contains icons for Normal, Buy, Sell, and other functions.

- General procedures for order placing are as follows:
 - **Enter “Price”**
 - ✓ Users can select prices shown at the top of the chart
 - ✓ Or directly enter a price at the “Price” area
 - ✓ Or press +/- buttons to bring in a price

For further price adjustment, users can press +/- buttons
 - **Enter “Quantity”**
 - ✓ Press +/- buttons and the quantity will begin from 1
 - ✓ Or directly enter a quantity at the “Quantity” area

For further adjustment, users can press +/- buttons
 - Press **“BUY”** or **“SELL”**, and then **“Confirm”** to execute the order
- After the order is sent out successfully, it will be shown in “All Orders”
- If the order is executed successfully, it will be shown in “Done Trades”
- To bring along the order to the night session of HK Futures and Index Options market, users are required to select “T+1”
- Users can also select various conditional order types and validity options

Key Function 9 – Options Master

- Search an options product, click “Bid/ Ask” next to the “Center Strike” price (Left: Call Option; Right: Put Option) → “Quote Request”, “BUY/ SELL” or “Add to watchlist”

5. Connection Status

- Green Circle:** All Connected
- Yellow Circle:** Partly Connected
- Red Circle:** Disconnected
 - Click the button on the top right corner to reconnect; or
 - Click the button next to reconnection button to change to another host

Back	Connection Status	Back	Connection Status	Back	Connection Status
	<div> <div></div> Tx Link: SSL Connected (Logged in) <div></div> Price Link: Connected (Logged in) <div></div> Info Link: Connected (Logged in) </div>		<div> <div></div> Tx Link: SSL Disconnected (Not login) <div></div> Price Link: Connected (Logged in) <div></div> Info Link: Connected (Logged in) </div>		<div> <div></div> Tx Link: SSL Disconnected (Not login) <div></div> Price Link: Disconnected (Not login) <div></div> Info Link: Disconnected (Not login) </div>

6. Change Password

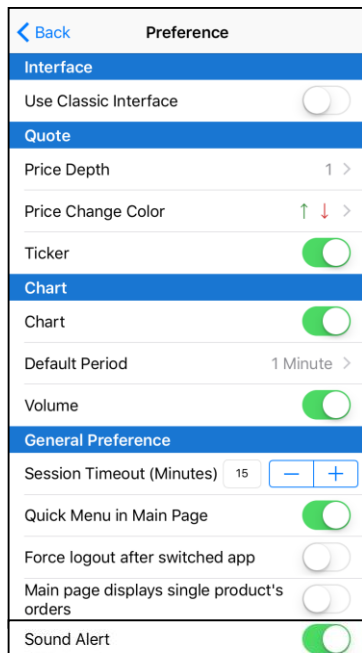

- Enter your existing password, your new password and confirm password

The screenshot shows a mobile app screen titled "Change Password". At the top left is a blue back arrow and the word "Back". Below the title are three input fields labeled "Existing Password", "New Password", and "Confirm Password". Below these fields are two buttons: a blue "Change" button and a grey "Cancel" button. At the bottom of the screen, there is a light grey banner with the text "Changing password periodically is recommended!"

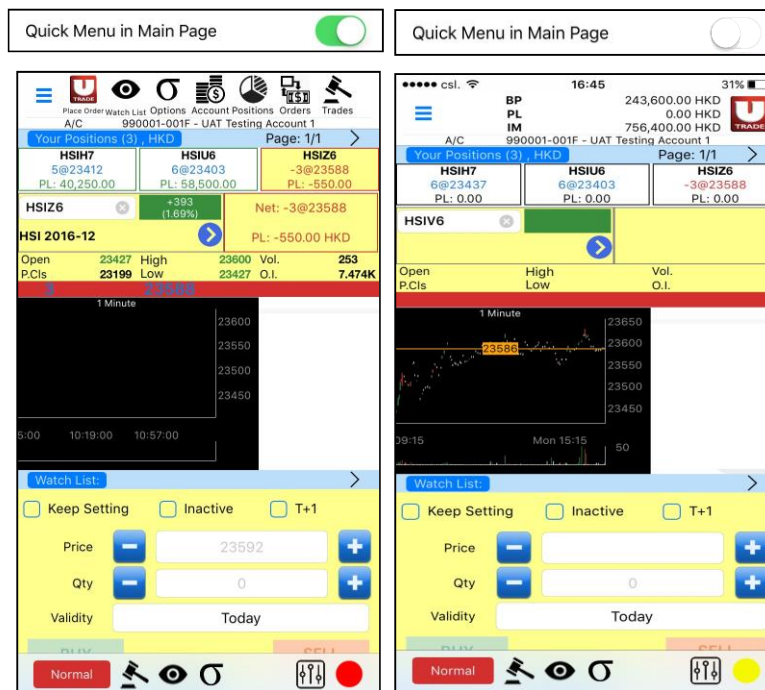

7. Preference

- Click "Preference" to view the below options. Users are able to select different preferences for "Interface", "Quote", "Chart" and "General Preference"

The screenshot shows a mobile app screen titled "Preference". At the top left is a blue back arrow and the word "Back". The screen is divided into sections by blue headers: "Interface", "Quote", "Chart", and "General Preference". Under "Interface", there is a toggle switch for "Use Classic Interface". Under "Quote", there are settings for "Price Depth" (set to 1), "Price Change Color" (with up/down arrows), and "Ticker" (a green toggle switch). Under "Chart", there are settings for "Chart" (a green toggle switch), "Default Period" (set to 1 Minute), and "Volume" (a green toggle switch). Under "General Preference", there are settings for "Session Timeout (Minutes)" (set to 15 with minus/plus buttons), "Quick Menu in Main Page" (a green toggle switch), "Force logout after switched app" (a grey toggle switch), "Main page displays single product's orders" (a grey toggle switch), and "Sound Alert" (a green toggle switch).

- For “General Preference”, there are
 - **“Session Timeout (Minutes)”**: the period of time to log out automatically, counting from the moment when the screen is off or when the program is idle to background. Click “+/-” to adjust the time
 - **“Quick Menu in Main Page”**
 - ✓ **Open (Green Colour)**: Shortcut icons are shown at the top of the Main Page
 - ✓ **Close (White Colour)**: BP (Buying power), PL (Profit/ Loss) and IM (Initial Margin)

- **“Force logout after switched app”**
When selected, SP Trader Pro will automatically log out when you switch to other pages, mobile apps or turn off the phone
- Turn on **“Sound Alert”** for order notification
